Overview

The Conservation Stewardship Program (CSP) encourages agricultural and forestry producers to maintain existing conservation activities and adopt additional ones on their operations. CSP is a new voluntary conservation program that provides financial and technical assistance to conserve and enhance soil, water, air, and related natural resources on their land. CSP provides opportunities to both recognize excellent stewards and deliver valuable new conservation.

More Information

For more information and updates about the Farm Bill, visit www.usda.gov/farmbill, or the NRCS Web site at www.nrcs.usda.gov/farmbill; for more information on CSP, visit www.nrcs.usda.gov/new_csp.
