

HOWARD COUNTY SOIL & WATER CONSERVATION DISTRICT
1103 SOUTH GOYER ROAD * KOKOMO, INDIANA 46902-2777
Phone: 765-457-2114 ext. 3 * Email: swkoko@att.net

September 18, 2020

The Howard County SWCD has been asked to organize and conduct the 2020 Local Work Group (LWG) to prioritize the natural resource concerns for Howard County. This information will assist in determining which projects receive funding through the USDA Farm Bill Programs administered by the Natural Resources Conservation Service.

We will be accepting ranking sheets for the resource concerns until the close of business on October 9, 2020. Information has been mailed to those who have been identified as a representative who can provide input into a wide range of natural resource and agricultural concerns for the county.

If you are interested in participating, please contact the SWCD office at (765) 457-2114 x3 or email: swkoko@att.net to request the materials be mailed to you. You must have the ranking sheet back to the Soil & Water by October 9 for the resource concerns to be included.

Shane Campbell, Chairperson
Howard County Soil & Water Conservation District
